

Environmental Policy Statement

Commitment

Northern Restoration, as a restoration business is committed to achieving the highest standards of environmental performance and recognises its responsibility to the environment. Northern Restoration acknowledges that its operations have a direct and indirect environmental impact and aims to minimise that impact and operate in an environmentally responsible manner.

Scope

This statement applies to premises and activities within the control of Northern Restorations head office and we will develop, implement and continuously review our environmental management system consistent with local operating conditions and legislation.

General Policy

This statement reflects Northern Restorations intention to provide and maintain an environmentally sustainable management system.

Although the standards established by national legislation will apply as a minimum, Northern Restoration will always strive to achieve best practice in the local context of each area in which we operate.

Statement of principles

Northern Restoration will, so far as is reasonably practicable:

1. Ensure environmental risks are properly identified, prioritised and managed in an appropriate and timely way.
2. Establish sound environmental management policies and promote best practice.
3. Manage its operations in ways that are environmentally sustainable and economically feasible, by making efficient and environmentally responsible use of energy and water and exploiting opportunities to maximise efficiency.
4. Minimise environmental impact and reduce or, where practicable, prevent pollution.
5. Minimise waste production by reduced consumption and develop effective waste management and recycling procedures.
6. Collaborate with key suppliers to promote environmentally responsible procurement of goods and services.
7. Monitor actively results and audit policies and practices to ensure Northern Restoration meets its policy goals.
8. Develop an HR policy to raise and maintain awareness amongst staff and promote individual good practice and encourage team participation.
9. Recognise the legitimate interest that all customers, and employees have in its environmental performance and communicate openly with the outside community.

It is the duty of all employees to conform to the environmental policy.
